REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Applicant's amendments and arguments are satisfactory for overcoming the objections and rejections of the Office Action mailed on 13 January 2004.
3. With respect to the section 112, first paragraph rejection set forth therein, applicant has cited various portions of the Specification as providing antecedent support. Those cited portions, read in conjunction with originally filed Claims 2, 3, and 6 that specify hardness and thickness values, provide antecedent support.
4. With respect to the section 102 rejection of Claim 22 over Ueda, rejection is withdrawn. Claim 22 depended from Claim 20, which correctly had not been rejected over Ueda. Claim 22, in view of claim amendments, is therefore allowable.
5. Neither the prior art of record nor the reviewed prior art teaches or suggests the claimed subject matter. Particularly, the claimed titanium alloy inner and/or outer member with the claimed surface and structural properties are/is not taught or suggested. Claims 1 and 4-30 are allowed.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
